SUMMARY

Full Stack Developer with experience in .NET, MVC, C#, VB.Net, JavaScript, jQuery, Node.js, MSSQL, React.js, Next.js, TypeScript, and CI/CD.

PROFESSIONAL EXPERIENCE

Vértere Global Solutions, Inc., *Makati City*   April 2025 – Present
Programmer | Analyst II

- Developed and maintained full stack web applications using React framework for robust and scalable user interfaces.
- Collaborated within Agile development teams to deliver high-quality software solutions through iterative development cycles and continuous feedback.
- Utilized Azure DevOps and Azure Repos for efficient version control, code review, and streamlined team collaboration.
- Designed, developed, and maintained database projects, including schema design, stored procedures, and optimization for performance.
- Developed and managed ETL processes using SQL Server Integration Services (SSIS) to facilitate data integration and migration tasks.
- Leveraged JavaScript and modern front-end technologies to build dynamic, responsive, and user-friendly web applications.
- Contributed to both front-end and back-end development, ensuring seamless integration and optimal performance across the stack.
- Participated in sprint planning, daily stand-ups to maintain project momentum and alignment with business objectives.

ROHM Electronics Philippines, Inc., *Carmona City*   May 2023 – April 2025
Full Stack Developer

- Developed and maintained .NET Web Applications using .NET Core and MVC frameworks.
- Created and managed Windows Applications to improve production processes.
- Designed and optimized database structures with MSSQL (T-SQL) for efficient data management.
- Implemented backend logic and functionality through C# and VB.Net to support business needs.
- Developed responsive and dynamic front-end interfaces using HTML5, CSS3, Bootstrap 5, and JavaScript.
- Developed an Asynchronous JavaScript System with the use of NodeJS, REST, and ExpressJS.
- Documented the developed system with clarity and precision to ensure understanding and effective use.

IT Production Support

- Debugged and resolved issues in existing applications to ensure seamless operations.
- Provided network administration support, including physical and system configuration management.

- Performed basic troubleshooting for Cisco network devices to maintain connectivity.
- Assisted in basic server management to ensure reliable and secure IT infrastructure.

TRAININGS AND CERTIFICATIONS

- **Microsoft Certificate of Achievement**
  Developing ASP.NET MVC Web Applications
  MISNet Education Inc., *Makati City* - August 2024

- **National Certificate II**
  Computer Hardware Servicing (PASSER)
  TESDA
  Philippine TVET Qualification System

EDUCATIONAL ATTAINMENT

- **Bachelor of Science in Computer Engineering**
  Cavite State University – Carmona
  Graduated in April 2023
  Vice President Lister

- **Science, Technology, Engineering, and Mathematics (STEM)**
  AMA Computer College – Biñan Campus
  Graduated in May 2018
  High Honor

SOFT SKILLS

- Strong problem-solving and debugging capabilities.
- Skilled in writing clear, comprehensive, and user-friendly technical documentation using MS Applications.
- Excellent communication and teamwork abilities.
- Quick to learn and adapt to new programming languages and technologies.
- Proficient in English, both written and spoken.
